Developers, Builders, Contractors  
& And All Valued Clients

After much consideration we the City of Carencro, and our third party Code and Inspections Office have deemed it necessary to adjust our permit cost to keep pace with our neighboring municipalities within the parish. On Monday, August 21, 2023 the Carencro City Council passed Resolution No. 2023-028 to allow the city to adjust cost for permitting and developing within the city effective immediately.

We are grateful for your ongoing support and trust that these changes will help us continue to provide you with quality service. If you have any questions or concerns please feel free to reach out to our department. You may visit our website that will reflect to price adjustment at [www.carencro.org](http://www.carencro.org).

Sincerely,
